Ovid® **Midwifery** EDGE

A New Midwifery Package on Ovid® Discovery

Comprehensive Midwifery Full-Text and Bibliographic Package Available Only on Ovid Discovery

Ovid Midwifery EDGE provides your users with access to millions of bibliographic records, some of the midwifery field's most lauded **journals, eBooks, databases** and additional bibliographic records from **the Ovid MEDLINE®.**

But it isn't simply a content package—our proprietary lexicon and controlled vocabulary enables pinpoint information searching and Ovid Discovery®, our discovery-and-delivery platform, expands your search beyond Ovid and even your own library portal! **Plus, help your users streamline the systematic review development process with JBI SUMARI**.

Why Ovid Midwifery EDGE?

- Combines cutting-edge bibliographic and full-text content, a search lexicon and a workflow solution—all in one!

- One-click, integrated searching of 5 midwifery journals, 6 midwifery eBooks, 2 databases and millions of bibliographic records from Ovid, and Ovid Discovery index.

- Efficiently organise and manage the entire systematic review process with JBI SUMARI which supports 10 review types.

- Designed for midwives in practice, education, research, or management.

- Ability to focus training efforts on only one search and discovery platform for your midwifery needs.

- Fully compliant with any mobile device!

Key benefits:

- Vastly increases resource discoverability and usage by providing a single search point to bibliographic records, full text, and multimedia.

- Facilitates linkages to indexed and non-indexed resources including scholarly, free, and commercial publishers and information providers.

- Offers a simple interface that requires little training and no cataloging.

- Minimizes costs spent on document delivery and library portal maintenance.

- Available in 12 languages — Arabic, Simplified Chinese, Dutch, English (US and UK), French, German, Hebrew, Italian, Japanese, Portuguese and Spanish

- Identifies missing content by offering sophisticated usage analytics that show frequently requested eResources.

- Allows midwives to stay up-to-date on their favorite journals with eTOC Alerts.
